### EDUCATION

**Universidad Tecnologica  
Nacional de Villa Maria**

**2020 - dic 2025**

Chemical Engineering

**Tecnicatura Universitaria en  
quimica**

**2020 - 2023**

### WORK EXPERIENCE

#### **April 2022 - April 2024: Research on the application of electrocoagulation in water**

Multidisciplinary teamwork with Electronic and Chemical Engineering students for the technical and economic evaluation of the electrocoagulation process applied to water purification by removing COD, BOD, and other indicators.

#### **November 2018 - January 2020: Swimming Coach, Natatorio Club Leones, Leones.**

Competitive Level Coach, participating in planning and proper execution, managing technical and motivational processes, and promoting teamwork among 15 adolescents between the ages of 10 and 18.

#### **Consulting internship**

##### **Consulting for ABSA**

Calculation, selection, survey, and assembly of a pressure reducing panel with steam savings and insulation.

### COURSES/LANGUAGES

**English - B1**

**Spanish - native**

**Effluent treatment system - Ceiba  
Asesorias y capacitaciones - Ecociencia**

60 hs.
